TAPESCRIPT

The children will listen to short texts and tick the right pictures to answer the questions.

The recording will be played TWICE even though it contains enough redundancy to facilitate understanding. The second time will be played for checking purposes.

EXAMPLE: What's Jack's favourite transport? Jack lives in a flat with his family. His parents haven't got a car. He goes to school by bus but he doesn't like it. He starts school at 8 o'clock. When he goes by bus he can see the train, but he never goes to school by train. In summer, he rides his bike to school. He loves it.

1. Alan is 9 years old and very curious. He loves wild animals. His mother loves animals too. His mother's favourite animal is the lion. His father's favourite animal is the monkey. In his house, Alan has got a poster of a whale swimming. He always watches videos of whales. He loves them.
2. My best friend is Pam. We go to school together. Her mum is a waitress and her father is a dentist. Pam likes her father's job. She wants to be a dentist too.
3. Kevin is 10 years old. He is a very good student. He likes school. His best friend likes maths, but he doesn't. Kevin likes painting and drawing. He is a good student of art. He paints in his room too. But he is not good at sports; he plays football but he doesn't like it.
4. Today is Sunday, Zoe is in bed. She always goes to bed at eleven o'clock. She loves Mondays because she has maths and science at school. She starts school at 9 o'clock and finishes school at twelve.
5. Kate likes weekends because she always has chips for lunch. On Saturday, she eats chips and a sandwich and on Sunday a hamburger and chips. She loves hamburgers.
